## THINGS

My dog and my friends.

## BLOOMS

Casa Blanca lilies and Festiva Maxima peonies.

## FOOD

Chocolate.

## DRINK

Ice tea.

## TO WEAR

I love jeans, both blue and white, with a shirt (often linen) and, just like home design, it's all about the accessories.

## MAGAZINES

I subscribe to so many trade, design and fashion magazines. I just can't get enough!

## EXTRAVAGANCE

Art and antiques.

- Describe your design style.

I would say detailed, eclectic, dramatic, unexpected and comfortable.

- Interior designer icon / inspiration?

So many! But my personal style icon is Ralph Lauren.

- One thing every home should never be without?

Friends and pets.

- Things I can't live without ...

1. Music 2. A fireplace 3. Outdoor space

- Best design advice?

Love the way you live!

- Biggest design pet peeve?

Lack of flow.

- Color combination you can't get enough of?

I love whites with anything, especially gray, browns and black. From there, you can add any color you want.

- Where do you find inspiration?

Everywhere!

- What do you love most about what you do?

I love it all!! The icing on the cake is the joy you bring to clients.

- What do you always carry with you?

Can't be without any – iPhone, notebook and tape measure.
